Malek Hospital Report

Yournew writes: "I bought a few of the hospital laboratory tools and blood test equipment in Nairobi and carried them to Malek. We are praying God to provide for someone who can operate the lab equipments and even train others in the ministry to carry on the medical ministry to a better and more effective level. We may get somebody but the challenge at the moment is if we are going to get someone to operate the lab, we need the church to pay him for that work and SAM has a lot of responsibilities at hand but this is one very crucial area ministry to be pursued. The Sudan churches are appealing to SAM if he can find a sponsoring Church in USA who can pay the lab technician. We are looking at \$700.00 per month.

Malek Church has grown;

Many churches were established by Malek as the mother church and as the church grows, its needs both spiritual and physical help. It also grows bigger and sometimes complex. At the moment all our Evangelists are working in the new churches and facing lots of challenges to meet their basic daily needs and we pray and kindly request for support to enable them to buy food for themselves and their family as they work for the Lord in their ministry."

Multitudes celebrating the opening of the Hospital.

Food is being poured in bags for anxious mothers

In 2009 SAM metered out 16,000 pounds of corn and 16,000 pounds of barley to desperate, needy people.

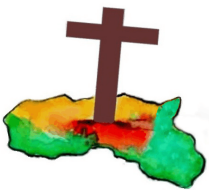

Many children and young people come into the Malek hospital suffering from starvation. They are skin and bones. Food supply shipment by truck have been cut off from the north. Yournew writes "I am also kindly requesting to carry on the children feeding program because there is a lot of need especially this year. We have many families who have no food at all in their houses. That will result in more suffering for many children, widows and total orphans will suffer most. I pray that God will provide the funds for this year that we will be able to save lives of many needy children in Aweil South."

Awiel Bible College Classes

We received about 100 new students applications and 60 were accepted. 37 students have reported to class at Malek. The rest were delayed for a few days due to the ongoing elections. As a result, we delayed the opening until Feb. 23.

Plow, Bibles and Medicine shipment.

On March 1st Yournew flew from the Nairobi plow factory with 20 new plows and spare parts weighing 1200 pounds. We were limited on weight because boxes of Bibles & medicine had to go to Malek. The plane was loaded to the 2700 lb max.

PLEASE READ THIS: In 1988 God called Marilyn and Paul to go to closed Sudan. **GOD LAID ON OUR HEART** to use native Sudanese men to be "The Missionary" to Sudan. God placed Yournew in my hands. I told Yournew "If you do not have a ministry then I do not have a ministry. God's Holy Spirit has worked wonders through Yournew. In 2001, Paul wrote to you saying we had chosen an empty county in the wilderness called "Malek" meaning "**Area of Red Rock**", which was Yournew's home area. Today the message of the Cross with Christ's saving Blood is crying from that "Red Rock" (**pictured above**) to the hearts of multitudes in Sudan! **Pray for the Sudan Church**

Report from: Paulino Malou: The Nyam church needs very quick help to construct a new building. A lot of progress and development in South Sudan. The government of Aweil State carried out the land survey to build the main road to Aweil that must take place. Very unfortunately, our church building fell on the road during the survey so the bulldozer took it down. We kindly need your support financially to rebuild the church. The County Commissioner gave us a piece of land which is enough for the church to rebuild. We are growing with about 100 members who struggle to feed their families. The building will cost \$15,000.00. We will meet under a tree until we can build. We are praying for your help soon.

I want to be married this year and struggling to build a house and establish a home for my wife and I. Paulino Malou

Report from Marko Kuot and Luka Goc: Concerning the evangelism work in Aweil East, God is doing a good work. Many men and women are coming daily for Bible studies. We have 46 men and 30 women baptized last month. We pray that God will call many more to His Kingdom. We have many members who come back for the worship. We pray to continue to that work. In January membership was as follows: 209 men, 395 Women, 170 children, 80 Regular visitors every Sunday. Neither of us have a sponsor for \$300.00 support each month but we are determined to fulfill our ministry. Pray for us.
