

About Us

In 1988 God called Marilyn and Paul to go to closed Sudan. We rejoice we responded with hearty "yes". Above is a picture of the Cross of Christ firmly imbedded in the continent of Africa with Jesus' blood at the base.

Today the message of the saving Blood of Christ is knocking at the hearts of multitudes in Sudan! Jesus says in Matt 10:42 and again in Mark 9:41 "I tell you the truth, anyone who gives you a cup of water in my name because you belong to Christ will certainly not lose his reward." Today this message has never had a more solemn ring to us blessed Christians. We: Paul & Marilyn, we & we: including YOU will still fail BUT with God we, we: WE will win!!

Mission Statement

Yes, I want to help Paul and Marilyn in their endeavor to expedite the training of native Sudanese missionaries as ministers of the Gospel to return to Sudan to preach, teach, and show the good news of Christ to their people. Establishing schools and New Testament Christianity in South Sudan. We trust you will pray for them and want to be a continued part of this mission. Paul and Marilyn and the Sudanese appreciate your help and prayers. Thank You.

Above is a group of Christian workers who are clearing trees from a 30 acre field to plant food for the poor widows & children.

There are 100 Native Sudanese, ordained Evangelists with college degrees preaching in their home towns. They take turns today coming to Malek to teach 40 to 60 new students in their own language at ABC. There are now a total of 160 Evangelists, including students, serving Christ in growing churches in Sudan. Prayers requested!!

Bread for Life

Program

Sponsored by

Sudan African Mission

Training native men
to serve Christ for
Southern Sudan

"Bread for Life" Program

"Bread for Life" is a program sponsored by the Sudan African Mission (SAM). SAM has been faithfully spreading the gospel in the Sudan for over 19 years, and seeking ways to improve the living conditions of this war-torn country. SAM's projects have ranged from providing clothes, to digging wells for the people to have a source of safe, clean water.

The Bread for Life program provides a plow and seed to a family. It is a way for families to cease their reliance on food rations and provide for themselves. SAM's goal is to teach and equip the Sudanese to provide for themselves.

When this program was introduced in 2004, those who received a plow saw a 7 fold increase in their crop yield. This simple plow allows a family to produce more than it needs for their own consumption. The reduction in time required to plow their fields allows them to rent their plow to others within the village. One plow has the potential to feed 40 people.

In recent years, flooding has been an issue during the rainy seasons, destroying many of the crops. Those with plows were able to replant after flood waters subsided and were still able to produce a crop.

Pictured are the 80 plows sent in 2004.

Your tax deductible contribution will help bring dignity to a people who endure considerable suffering trying to meet their daily needs. A donation of \$360.00 will purchase a plow, seed and personal training of their oxen and ship it to the Sudan. However, a contribution of any amount is appreciated and will be a blessing to the Sudanese People.

How Can I Help?

A gift by check or credit card is the most common and convenient way to give. You can commit yourself to giving \$30 per month and in one year you will have donated the \$360 needed to give a plow. Checks should be made payable to Sudan African Mission or SAM, and sent to:

Ox Plow Project

By Yournew

"The distribution of the ox-plows, to our churches went very well. We were able to group the people and use the plows in their own farms where our Pastor Joseph Wol took care of the project and did very well. You will find the details report of the same prepared by Joseph Wol, there is more request for seeds to send to Aweil as soon as we have the funds in our hands. As you know we had a rain shortage last year. That made many people poor and they do not have seeds for this new season.

Dear on behalf of the Bread of Life Project, I would like to express my appreciation toward you and our donors for the wonderful job they have done. Concerning the twenty (20) ox plow,

YOURNEW PREACHING TO HIS PEOPLE SUNDAY AM

as pastor Yournew arrived at the airstrip in Malek, we received twenty (20) set of ox-plows where 212 are benefiting by sharing the plow. We thank SAM for sending of seeds, SAM brought 69 sacks of sorghum seeds and distributed to the family who received plows. We offloaded the plows with joy and thanksgiving in our hearts, unknowing what to tell to those who donated them for us, while the very most of us are vulnerable and in need but only dreamed of benefiting from the project, started jumping up and down with excitement and amazement singing "long live SAM, Long Live, Paul and Marilyn, Long live Donors because our lives are being rescued from the bondage of hunger and dependency that was leading to helpless and hopeless."

In their cries of joy, Yournew heard their weeping also for vegetable seeds. Yournew sends Sam a request for seeds needed June 1st when the rains are best. 4000 packets of vegetable seeds. 50 bags of sorghum seed. 50 bags of peanut seeds. 3000 pounds of corn seed. Millet, peas are some that were lost in the decades of war. Besides some families have returned "home" from refugee camps with just the shirt on their back.
